Subject: KASD and Our Students

Reply-To: Christian Temchatin <noreply@kasd.org>

Good evening, KASD families,

As you may be aware, the KASD Board of Directors voted last evening to rescind Policy 809-Educational Equity. The removal of the policy in no way erodes our commitment to serving the students of the Kutztown Area School District. Each student who walks through our doors is an individual with specific skills and needs academically, socially, and emotionally. We are proud of the programs, services, and especially the dedicated teachers and staff who work each day to meet those needs.

KASD will continue its strong commitment to working with families and community partners for the success of our students and assisting all students so they can achieve and make their future dreams realities.

Thank you for your partnership in education.

Happy Holidays,

Christian Temchatin
