Criteria for an Equitable School

An equitable school provides the climate, process, and content which enables students and staff to perform at their highest level. An equitable school ensures successful academic outcomes by providing equitable resources and appropriate instructional strategies for each student.

Characteristics of an equitable school:

1. Has a clear mission that is committed to equitable access, processes, treatment, and outcomes for all students, regardless of race/ethnicity, gender, language, disability status, gender identity/sexual orientation or socioeconomic status.

2. Provides an inclusive visual environment - halls, displays, and classrooms exhibit pictures and information about diverse students and cultures.

3. Reflects and works in collaboration with the various socioeconomic, racial, ethnic, language, gender, and disability groups within the school community.

4. Works in partnership with parents, the business community, and civic and community organizations to enrich the curriculum, provide consistently high expectations for all students, and develop supports and opportunities for all students.
